2025-1-20

I had an in class meeting with trevor where we discussed where we would take this project

2025-1-20 (8:30-11:30 in class): conjured up a list of possible clients, including theo kirby, a VCSA member, kristen whitelaw a community coordinator at Vanier, my friend who needed a calendar app or friends of my father back in algeria

2025-1-20 (2:00-6:00 on campus): discussed with some of my possible clients about their needs

2025-1-25

Inclass meeting with trevor about the client situation

2025-1-25 (12:00-2:00 in class): we had settled on the idea of using trevors boss who works at bulk barn as our client

2025-1-27

In Class meeting to work on our deliverable

2025-1-27 (8:30-11:30 in class): me and trevor both did al ot of the work on the deliverable finishing most of the starting sections

2025-2-1

Worked on deliverable one

2025-2-1 (after 5 pm at home): i sat down and did all of the deliverable 1 work necessary up until the project plan

2025-2-3

Finished project plan

2025-2-3 (9:00- 11: 30 at home): i finished the entire project plan using the guidelines as a reference and rereading the course outline
